

**REMARKS**

In response to the election requirement in the Office Action of May 9, 2006, Applicant hereby elects Species I, the specifics being the first optical sensor provided over the third substrate and under the second substrate; Species AII, the specifics being the second optical sensor provided over the first substrate; and Species CI, the specifics being the first optical sensor and second optical sensor is an amorphous silicon photodiode, or an amorphous silicon phototransistor. Claims 33-36 and 39 read on the elected species.

Claims 33, 34 and 35 have been amended and new claims 43-58 have been added, which are believed to read on the elected species. Thus, claims 33-36, 39, and 43-58 are subject to examination at this time.

Examination on the merits is requested.

Respectfully submitted,

---
